

Curriculum Vitae
Timothy Edward Higham

Full Professor
Department of Evolution, Ecology, and Organismal Biology
University of California, Riverside
Riverside, CA 92521

ACADEMIC POSITIONS:

2021 to present: Full Professor, University of California, Riverside
2015-2021: Associate Professor, University of California, Riverside
2017 to 2018: Alexander von Humboldt Fellow, University of Freiburg and the Museum Koenig, Germany
2011 to 2015: Assistant Professor, University of California, Riverside
2008 to 2011: Assistant Professor, Clemson University

POST-DOCTORAL:

2006 to 2008: Harvard University. Advisor: Andrew Biewener

EDUCATION:

2006: Ph.D. University of California, Davis. Advisor: Peter C. Wainwright
2003: M.S. University of Cincinnati. Advisor: Bruce C. Jayne
2000: B.S. University of Calgary. Zoology

PUBLICATIONS:

IN REVIEW OR REVISION:

- 126) **Higham, T.E.** and A.P. Russell. In review. Geckos running with dynamic adhesion: towards integration of ecology, energetics and biomechanics. *Journal of Experimental Biology*
- 125) Sternes, P.C. and **T.E. Higham**. In review. Ontogenetic scaling of morphology reflected in ecological and behavioral shifts in sharks. *Integrative and Organismal Biology*.
- 124) **Higham, T.E.**. In review. Frictional adhesion of geckos predicts maximum running performance in nature. *Journal of Experimental Biology*.
- 123) Sternes, P.C., Van Wassenbergh, S., and **T.E. Higham**. In review. Pelagic shark pectoral fins generate lift during steady swimming. *Journal of Experimental Biology*.
- 122) Shirazi, S. and **T.E. Higham**. In revision. How do fish miss? Attack strategies of threespine stickleback capturing non-evasive prey. *Journal of Experimental Biology*.

FELLOWSHIPS AND AWARDS:

- 2019-2024: NSF Award (\$240,874). Collaborative Research: Strike while the snake is hot: will increasing nighttime temperatures make an endothermic keystone species more susceptible to ectothermic predators? Awarded by the Physiological Mechanisms & Biomechanics program in the Division of Integrative and Organismal Systems (IOS). Award Number: 1856408 (in collaboration with Jeet Sukumaran and Rulon Clark).
- 2018-2022: NSF Award (\$294,022). The genetic architecture of biomechanical integration in fishes. Awarded by the Physiological Mechanisms & Biomechanics program in the Division of Integrative and Organismal Systems (IOS). Award Number: 1838297.
- 2021: Company of Biologists Meeting Grant (\$3,500).
- 2018-2021: NSF Award (\$43,318). Workshop: Reciprocal illumination between ecology and biomechanics: evolution, integration, and constraint, March 2019, Portland, Oregon
- 2018-2021: NSF Award (\$15,000). Symposium grant for 2019 annual meeting of the Society for Integrative and Comparative Biology, Tampa, Florida.
- 2017-2018: Alexander von Humboldt Fellowship for Experienced Researchers. University of Freiburg and the Museum Koenig in Bonn, Germany (€40,000).
- 2017: Nouragues Travel Grant for travel to French Guiana (€7,000).
- 2012-2018: NSF Award (\$420,000). Locomotion and adhesion in geckos: The link between ecology, form, and function. Awarded by the Physiological and Structural Systems Cluster in the Division of Integrative and Organismal Systems (IOS). Award Number: 1147043.
- 2015-2018: GAANN Fellowship (\$1,477,758): Ecology, Evolution, Organismal Biology: SustainLife (co-wrote with David Reznick).
- 2015: Junior Excellence in Teaching Award (JET) – Honoree Select. UC Riverside.
- 2008: NSERC postdoctoral fellowship (\$80,000 – declined)

UNIVERSITY SERVICE:

- 2023: University Committee on International Education Review Committee for the UC Education Abroad's programs in Costa Rica (systemwide committee).
- 2022 - Present: Member of the Advisory Board for the Bamfield Marine Sciences Centre
- 2022 - present: CNAS Awards Committee at UCR
- 2022: Member of the Comparative Biomechanics Search Committee at UCR
- 2020 - present: Member of the UCEAP Biological Sciences Faculty Advisory Committee
- 2019 - present: UC Riverside EEOB Graduate Advisor for Admissions and Recruitment
- 2020 - 2021: UC Riverside Highlander Abroad Advisory Committee
- 2018 - 2021: UC Riverside CNAS Executive Committee

2013 - 2017: UC Riverside Natural Reserve System Advisory Committee

2016 - 2017: Graduate Advisor for joint doctoral program between UC Riverside and SDSU

2016 - 2017: Vice Chair of IACUC at UC Riverside

2015 - 2017: Member of the IACUC at UC Riverside

2015 - 2016: Faculty Search Committee for Community Ecology at UC Riverside

2015 - 2017: GAANN Advisory Committee

2015 - 2017: UC Riverside EEOB Graduate Advisor for Admissions and Recruitment

2014 - 2020: Graduate Written Exam Committee, UC Riverside

2015 - present: University of California Education Abroad Program Faculty Advisory Committee for Africa

2015: Ad hoc committee for the Shipley-Skinner grants at UC Riverside

2014 - 2017: Committee on Scholarships and Honors at UC Riverside

2012: Faculty Search Committee for Behavioral Ecologist at UC Riverside

2012 - 2014: Chair of Seminar Organizing Committee at UC Riverside

2011: Mathias Award Committee at UC Riverside

2010 - 2011: Curriculum Committee at Clemson University

2010 - 2011: Seminar Committee at Clemson University

PROFESSIONAL ACTIVITIES:

2022: Joined the editorial board of ***Scientific Reports***.

2019: Co-organized an NSF-funded working group (with Lara Ferry) about biomechanics and the rules of life. This led to a 25-authored paper that was published in ***Trends in Ecology and Evolution***.

2019: Co-organized a symposium (with Alyssa Stark and Anthony Russell) for the annual meeting of the **Society for Integrative and Comparative Biology** (Tampa, Florida) titled: The path less traveled: Reciprocal illumination of gecko adhesion by unifying material science, biomechanics, ecology, and evolution.

2016-2017: Chair of the Comparative Morphology & Development section of the **Canadian Society of Zoologists**.

2015: Organized a symposium (with Rich Palmer) for the annual meeting of the **Canadian Society of Zoologists** (Calgary, Canada) titled "From head to toe: Integrative vertebrate morphology and evolution". See <http://www.biology.ualberta.ca/CMD/home.htm> for more information.

2015: Organized a symposium (with Rich Palmer) for the annual meeting of the **Canadian Society of Zoologists** (Calgary, Canada) titled "Ten Years of The Triple Helix: Development, Morphology, Evolution". See <http://www.biology.ualberta.ca/CMD/home.htm> for more information.

2015: Organized a symposium (with Peter Wainwright) for the annual meeting of the **Society for Integrative and Comparative Biology** (West Palm Beach, Florida) titled “New insights into suction feeding biomechanics and evolution”. See <http://www.sicb.org/meetings/2015/symposia/index.php> for more information.

2014-2021: Co-editor of *Physiological and Biochemical Zoology*.

2014: Organized a symposium (with Rick Blob) for the annual meeting of the **Society for Integrative and Comparative Biology** (Austin, Texas) titled “Terrestrial locomotion: Where do we stand, where are going?” See <http://www.sicb.org/meetings/2014/symposia/locomotion.php> for more information.

2013: Organized a regional SICB conference at the University of California, Riverside. Conference consisted of 80 scientists from the SW representing the Divisions of Vertebrate Morphology and Comparative Biomechanics. See <http://www.biomechanics.ucr.edu/ucr2013/> for more information.

2013: Elected to the Executive Council of the **Canadian Society of Zoologists**.

2013: Organized a symposium (with Ted Garland) for the **International Congress of Vertebrate Morphology** (Barcelona, Spain) titled “The evolution of locomotion: reciprocal illumination from a diversity of approaches”.

2013: Organized a symposium (with Anthony Herrel) for the **International Congress of Vertebrate Morphology** (Barcelona, Spain) titled “Sticks, stones, and slopes: the link between substrate characteristics, morphology, and biomechanics”.

2012: Invited to join *Functional Ecology* as an editor.

2012: Organized a symposium (with Anthony Russell) for the **World Congress of Herpetology** (Vancouver, Canada) titled “Caudal Autotomy and Regeneration in Lizards: Patterns, Costs, and Benefits”.

2011: Elected as Secretary of the Division of Comparative Biomechanics of the **Society for Integrative and Comparative Biology**.

2011-2014: Editorial board member of the *Journal of Evolutionary Biology*.

2010: Guest Editor (with Andrew Biewener) for a *Philosophical Transactions of the Royal Society B* theme issue titled “Integration of muscle function for producing and controlling movement”. Volume 366, issue 1570, April 2011.

2010: Organized a symposium (with Andrew Biewener) for the annual meeting of the **American Physiological Society** (Westminster, Colorado) titled “Off the beaten path: Integrative aspects of muscle function during locomotion”.

2007: Organized a symposium (with Peter Wainwright) for the annual meeting of the **Society for Integrative and Comparative Biology** (Phoenix, Arizona) titled “The evolution of feeding mechanisms in vertebrates”.

INVITED SEMINARS:

2020: American Museum of Natural History, Comparative Biology series

2019: University of Calgary, Department of Biological Sciences

2017: University of Bonn, Germany

2017: University of Konstanz, Germany

2016: University of Hawaii at Manoa, Department of Biology

2016: La Sierra University, Department of Biology.

2014: University of Calgary. Department of Biological Sciences.

2013: San Diego State University. Biology Department.

2013: Claremont Colleges. Keck Science Department.
2013: California State University, San Bernardino. Department of Biology.
2013: University of Alabama, Department of Biological Sciences.
2011: University of California, Irvine. School of Biological Sciences.
2011: California State University, Long Beach. Biological Sciences.
2011: University of California, Riverside. Department of Cell Biology and Neuroscience.
2011: Bamfield Marine Sciences Centre. Evening seminar series.
2011: University of Calgary. Department of Comparative Biology and Experimental Medicine.
2011: University of Regina. Department of Biology.
2011: University of California, Riverside. Department of Biology.
2009: Simon Fraser University. Department of Biomedical Physiology and Kinesiology.
2009: University of British Columbia. Department of Zoology.
2008: College of Charleston. Department of Biology.
2008: Georgia Southern University. Department of Biology.
2008: Clemson University. Environmental Toxicology.
2008: Clemson University. Department of Biological Sciences.
2008: University of Wyoming. Department of Zoology and Physiology.
2007: University of Missouri-Columbia. Integrative Anatomy.
2007: University of Guelph. Department of Biomedical Sciences.
2005: University of California, Davis. Molecular, Cellular and Integrative Physiology.

FIELD WORK:

2009-present: Bamfield Marine Sciences Centre, Vancouver
2010-present: Namibia (Gobabeb, Swakopmund, Spitzkoppe)

2015-2018: French Guiana

2012-2019: Trinidad & Tobago

2012-2017: Mojave Desert, USA

2012: Baja, California

2012: Western and Eastern Cape, South Africa

2000: Discovery Bay Marine Laboratory, Jamaica

CURRENT AND PAST LAB MEMBERS:

Postdoctoral fellows:

David Ryan (September 2020 – September 2022)

Dina Navon (February 2019 – September 2020, now Postdoc at Rutgers)

William Stewart (April 2013 – August 2014; now Assistant Professor at Eastern Florida State College)

Aleksandra Birn-Jeffery (December 2012 – August 2014; now a Lecturer at Queen Mary University of London)

Andrew Clark (August 2009 – July 2010; now an Associate Professor at the College of Charleston)

Graduate students:

Joseph Wu (September, 2023 - present) - MS

Eric Axlid (September, 2022 - present) - PhD

Michael Remington (September, 2021 – present) – Joint PhD program with SDSU

Ryan Hanscom (September, 2021 – present) - Joint PhD program with SDSU

Seth Shirazi (September, 2021 – present) - PhD

Marina Vollin (September, 2019 – 2024) - PhD

Phil Sternes (September, 2019 – 2024) - PhD

Grace Freymiller (September, 2016 – 2021) – Joint PhD program with SDSU

Emily Naylor (August, 2015 – August, 2020) – PhD (now Assistant Professor at James Madison University)

Vicky Zhuang (August, 2012 - 2018) – PhD (now Collection Manager at UTEP Biodiversity Collections)

Kevin Jagnandan (August, 2012 - 2016) – PhD (now Assistant Professor at San Diego City College)

Clint Collins (August, 2012 - 2016) - PhD (now Assistant Professor at CSU Sacramento)

Kathleen Foster (August, 2010 – 2016) – PhD (now Assistant Professor at Ball State University)

Emily Kane (August 2009 – 2014) - PhD (now Assistant Professor at Louisiana State University)

Jeff Olberding (July, 2010 – June 2013) – MS (now Assistant Professor at Cal Stat Fullerton)

Undergraduates:

Wesley Ong (2024 - present)

Ethan Wang (2023 - present)

Christian Lowe (2023 - present)

Nicolas Pham (2022 - 2023)

Deepti Agarwal (2022 - 2023)

Michael Garcia (2022 - 2023)

Joseph Wu (2022 - 2023)

Christina Ho (2022 – 2023) - Honors student

Chultze Mora (2022)

Mya Rodriguez (2020 – 2021)

Kitty Lam (2020 – 2022)

Sophia Rogers (2019 – 2021)
Laura Kollmorgen (2019 – 2020)
Jason Ta (2018 – 2020)
Diana Srioudom (2018 – 2020)
Michelle Modert (2018) - University of Freiburg
Mara Hofmann (2018) - University of Freiburg
Elizabeth Mendoza (2015) (now PhD student at UC Irvine)
Azeem Rahman (2015 - 2016)
Jennifer Shedden (2014 – 2016) (now MS student at Cal State Fullerton)
Angelyn Nepacena (2013 – 2016)
Jessica Vivas (2014 – 2015)
Joseph Soquiat (2013 – 2015)
Steven Torres (2014)
Shayan Amiri (2013 – 2014)
Amy Cheu (2013 – 2014) (now PhD student at Clark University with Philip Bergmann)
Cindy Olivas (2013 – 2014)
Amir Azamian (2013 – 2014)
Kevin Dinh (2012 – 2014)
Stephanie Valiente (2012 – 2013)
Sofia Iribarren (2012 – 2013)
Stephen Cabalatungan (2012)
Daryl Cheung (2012)
Stacy Tran (2012)
Clare O'Brien (2012)

SOCIETY MEMBERSHIPS:

British Ecological Society
Society for Experimental Biology
Canadian Society of Zoologists
Society for Integrative and Comparative Biology

VOLUNTEER ACTIVITIES:

2019 – present: Co-organizing a Design Challenge at the Riverside STEM Academy for middle school and high school students.

2016-2017: Guest symposium speaker at the Riverside STEM Academy. Involves a half day with hundreds of students from grades 5 to 12.

2014: Riverside Metropolitan Museum outreach all-day event. This event, termed “Animal Olympics”, highlighted the research in the Higham Lab by performing exercises and presentations.

2013: Animal Superpowers outreach event for grades K-6 at Alcott Elementary in Riverside, CA.

2013: Session chair at the International Congress of Vertebrate Morphology (ICVM) in Barcelona, Spain.

2013: Session chair at the annual meeting of the Canadian Society of Zoologists in Guelph, Ontario, Canada.

2013: Volunteer teaching at Alcott Elementary in Riverside, CA.

2011: Judge for the Best Poster Award of the CBP section of the Canadian Society of Zoologists, Ottawa, Ontario, Canada.

2010: Judge for the Division of Vertebrate Morphology and the Division of Comparative Biomechanics at the annual meeting of the Society for Integrative and Comparative Biology in Seattle, WA.

2010: Session chair at the annual meeting of the Society for Integrative and Comparative Biology in Seattle, WA
